Music Magic Class for Six & Seven Year Old Boys Being Offered

Given that our choir rehearsals have started safely, we have decided to offer Music Magic class for the Fall 2020 season. This music class is for six and seven year old boys who love music and singing and want to learn more! The class will kick off on **Tuesday, October 6, 2020 from 6:30 p.m.—7:15 p.m.**, here in the same rehearsal room as choir, and will run for eight-weeks, ending on **Tuesday, December 1, 2020**. Tuition is only \$100 for the class and boys will receive a free Music Magic t-shirt.

Please share this information with any friends and family with young boys. They can contact the choir office at (281) 240-3800 or fill out an online interest form on our website here: <https://fbbctx.org/request-music-magic-information/>. Safety protocols will continue to be enforced with the temperature checks, wearing masks, hand washing and sanitizing and social distancing.

Forms Going Home Tonight!

We have waited a few weeks for everyone to back into the groove of choir rehearsals before handing out forms to fill out! Tonight you will receive a combination form that includes a Roster Form on one side and a Parent Participation Form on the other. So please, fill out both sides! For our brand new choirboys only, there is a Handbook Release Form you will have to fill out as well. Bring the completed forms to the next rehearsal. Thanks!

Important Workshop on Saturday, October 17

Did you calendar your workshop on **Saturday, October 17, 2020 from 9:00 a.m.—12 Noon**? Workshops allow the director and accompanist to break the boys into groups to better work on individual parts as well by section.

Auditions Ongoing

Even amidst COVID-19, we have successfully auditioned several boys who are now in our choirs. If you know of a boy who loves music and singing,  please have his parents contact us in the choir office for more information or fill out the online Audition form on our website. As your sons have been rehearsing for several weeks now, you can share that our safety protocols do work!
